SCHOOL REPORT

...OF...

TOWN DISTRICT

---AND---

DISTRICT NUMBER 1.

ENFIELD.

REPORT OF

BOARD OF EDUCATION,

Town District.

The school report being called for by the printer earlier than usual, we cannot give as full report of our school as we would like to, as much of the information we need is in the school registers and they have not been returned to us. The Treasurer's report will show the amount expended for schools, the number of weeks and by whom taught. We should be glad to give the studies persued in the school and the roll of honor, but the registers contain this, and those we have not got. We think the school work of the year has been prosecuted with fidelity and wisdom on the part of the teachers and pupils. There has been no serious trouble in any school and very little complaint of any sort.

There have been schooled 141 scholars during the past year, East Hill having the largest number convened in one room, Montcalm the smallest. The school board in discharging their official duty in careing for the schools have done what seemed wisdom on their part and tried to be loyal to the cause of education. Our schools need and should have the influence and positive aid of every citizen. As our schools are, such will be our scholars.

We can never do too much for learning. We are most happy to say that the town of Enfield has always responded willingly and liberally to the call of education, and to-day our scholars are far in advance of the majority of the towns in the State, as shown by the Superintendent's report. Surely the education of the young is a great and noble work. Let each endeavor to do his part wisely and well.

Report of

Board of Education,

School District, No. 1, Enfield.

During the past year, it has been thought best to have three grades of school, as the increasing business of the village has increased the school population. We have introduced a regular graded course extending from the Primary to the Grammar School grade.

We hope in the near future to have a full graded school, to fit our girls and boys for the ordinary walks of life, and prepare such as desire for college.

We believe that we have ample reason to feel pleased with all departments of our school. Miss Bernice Day is a Normal School graduate and shows herself well acquainted with her work.

Mr. John Noonan, a graduate of Bethel, Vt. High School, though without previous experience, shows decided natural ability in School work, and in interesting children in their studies.

Of Miss Lizzie Williams it is enough to say that she studies to improve her department every term, and succeeds in so doing.

We call especial attention to the law which makes it a large penalty for any child under twelve years of age, to be employed in a factory while school is in session. We would also call attention to the law requiring the attendance at school of all children between the ages of 8 to 16. The School Board are liable to prosecution and fine if they do not enforce these laws. Parents and Guardians are also liable to fine if they do not send their children to school the full time required by law.

Respectfully Submitted,

WALTER DOLE,
N. E. HUNTOON, } School Board.

WE BELIEVE in reliable goods of known worth.

WE BELIEVE in fair and honest profits.

WE BELIEVE in treating every visitor with the utmost consideration—no matter whether they buy or not.

WE BELIEVE in cheerfully exchanging goods, or refunding the purchase price, when returned in good condition.

WE BELIEVE that marking goods in plain figures at the lowest possible price is the only right way.

WE BELIEVE in advertising and doing exactly what we advertise to do.

WE BELIEVE in giving satisfaction to our customers, feeling that they are not only the best, but truest, advertising mediums.

WE BELIEVE modern progressive merchandising means more than the mere buying and selling of commodities. It seeks to render their transfer to you pleasant as well as economic, and by its integrity invites an exchange of confidence.
